PROFESSIONAL SUMMARY

Recording and mixing engineer pursuing a B.S. in Audio Arts at Full Sail University, with professional studio experience at SXN Studio / SAFETY69 S.A.S. and released engineering credits. Advanced Pro Tools and FL Studio proficiency, with hands-on recording, mixing, mastering, and studio signal-flow experience. Dante Level 1 and Level 2 certified.

PROFESSIONAL EXPERIENCE

Junior Audio Engineer | Dec 2023 - Jul 2025

SXN Studio / SAFETY69 S.A.S. | El Quinche, Quito, Ecuador

- Contributed to more than 10 released and unreleased songs and projects, assisting engineers and producers across recording, production, mixing, and mastering.
- Prepared recording sessions by routing audio, patching signal paths, and setting gain levels.
- Recorded artists and vocals, supporting performers and engineers throughout studio sessions.
- Produced, mixed, and mastered selected projects independently, carrying music from production through final master delivery.
- Maintained studio equipment through routine cleaning and care to support day-to-day studio operations.
